All-Star player selection policy

1) Player Eligibility
   a) A player must have been a registered and paid player in the current spring season.
   b) A player must meet ASA tournament play eligibility requirements. (See ASA Yellow Book)
2) Preparation Schedule for the player selection process.
   a) During the first week of May, each team manager in 6U, 8U, 10U, 12U and 14U must submit a list of six eligible nominees. The six nominees from each team will form the All-Star ballot.
   b) It is the responsibility of each player representative and manager to follow the performance of each team's players throughout the spring season. This will prepare them to make well-informed All-Star player selection decisions.
   c) The All-Star selection process will take place the first week of May (in adherence to the ASA handbook).

The All Star player selection process

1) Two executive board members are required to attend the individual All-Star meeting. In addition, the player representative and the individual team managers for the division must attend. If the team manager is unable to attend, a coach from his team may vote in his absence
2) All-Star managers have the option to choose twelve or thirteen players on the team. The All-Star manager must decide before the vote if he will carry twelve or thirteen players. This decision is final.
3) A two-step process will form the All-Star teams.
   a) Step one - Division managers will vote for the first eight (8) if a team will carry twelve (12) players. The first nine (9) for a team of thirteen (13) players.

the All-Star selection process is statistics supplied by the league (if any).

iii) Upon completion of this open discussion, the voting will commence.

iv) Each division manager will have a ballot with the names of all candidates.

v) Managers may not vote for their own nominees.

vi) There will be one vote. Managers will vote for the eight (or nine depending on
the division) players that they feel would contribute the most to a competitive
All-Star team.

vii) The eight (or nine depending on the division) players with the most votes will
form the division manager’s portion of the All-Star team

viii) If there is a tie, the division managers will vote to break the tie. Only the tied
players will be included in this vote. If the tie continues after the vote, the All-
Star manager will break the tie.

b) Step two - All-Star managers will select the final four players for each team.

i) After the completion of the division manager’s vote, the All-Star manager for
each division will select four girls to complete the team. Each girl chosen for the
team must come from the original nominee list. This will complete the player
selection process.

ii) The results will remain in confidence until the players are contacted by the All
Star manager after closing day ceremonies.
